

MUHAMMAD KHIZER HAYAT

Full-Stack Developer

03020076724 | khizarhayatsangla@gmail.com | Post Office Haveli Naseer Khan, District Lodhran, Pakistan

ABOUT ME

I'm a Full-Stack web developer and motivated, detail-oriented Artificial Intelligence Developer with hands-on experience in building AI-powered chatbot systems, automation workflows, and intelligent web applications. Skilled in Python, prompt engineering, API integration, and modern AI technologies including LLMs, OCR, and automation tools. Passionate about solving real-world problems through innovative AI solutions and continuously learning emerging technologies.

Designing and integrating advanced AI features including web search automation, OCR text extraction, weather assistant, document Q&A, memory systems, and image generation.

WORK EXPERIENCE

Full-Stack Developer | Tareen Institute of Computer Education & Resources (TICER), Lodhran

Lodhran | Jan 2022 – Dec 2025

Intern – Web Developer | TICER Lodhran

Lodhran | Jun 2022 – Dec 2022

- Assisted in developing front-end pages, debugging code, and testing website features.

AI/ML Training | Allzone Technologies Lahore Pakistan

Lahore | Feb 2026 – Present

- Working on the development of intelligent AI-based chatbot systems using Python, Flask, LangGraph, and LLM APIs.
- Designing and integrating advanced AI features including web search automation, OCR text extraction, weather assistant, document Q&A, memory systems, and image generation.
- Developing multi-tool AI assistants capable of understanding user intent and selecting the appropriate automation workflow.
- Implementing prompt engineering techniques to improve response accuracy, contextual understanding, and natural conversation flow.
- Integrating external APIs and AI models such as LLMs, OCR engines, and image generation services.
- Building backend logic for session management, user authentication, and persistent conversation memory.
- Continuously testing, debugging, and optimizing AI pipelines for better performance and user experience.

EDUCATION

Bachelor (BS-Information Technology) – 4 Year

The Islamia University of Bahawalpur, Baghdad-ul-Jadeed Campus, Bahawalpur | 2026

- Studied web development, data structures, and web technologies.
- Participated in coding competitions and workshops.

Intermediate (ICS) in Computer Science

The Educator College, Sutluj Campus, Lodhran | 2021

- Studied Computer Science, Math, and Physics.

Matric in Computer Science

Govt. High School Haveli Naseer Khan, Lodhran | 2019

SKILLS

Microsoft Office • Front-End Development (HTML, CSS, JS, Bootstrap) • Back-End Development (PHP) • Full-Stack Development • Python

LANGUAGES

English • Urdu (Superior/Native)

PERSONAL DETAILS

Nationality: Pakistan | Date of Birth: 05 February 2003 | Marital Status: Single

HOBBIES

Coding and AI
